Picatinny Arsenal Regulation 215-1

Recreational Hunting, Fishing, Trapping, Boating, and Other Outdoor Activities

Outdoor Recreation
Family Morale Welfare & Recreation
Picatinny Arsenal, NJ
29 February 2012

UNCLASSIFIED

Recreational Hunting, Fishing, Trapping, Boating, and Other Outdoor Activities

History. This publication is a rapid action revision.

Summary. This Regulation sets forth laws, restrictions, and procedures for hunting, fishing, trapping, and other outdoor recreational activities on Picatinny Arsenal, New Jersey.

Applicability. This Regulation applies to all personnel, Military and Civilians, who engage in outdoor recreational activities on Picatinny Arsenal.

Proponent. The proponent is the Outdoor Recreation, Family Morale Welfare and Recreation (FMWR).

Distribution. This publication is available in electronic media and is available to all persons engaged in outdoor recreational activities on Picatinny Arsenal.

Appendix A - Resident Goose Population Control – Special Hunting Group

* This regulation supersedes Picatinny Arsenal Regulation 215-1, dated 31 August 2011. All significant additions to this regulation are highlighted in red.

1. Purpose. This regulation sets forth laws, restrictions and procedures for hunting, fishing, trapping, and other outdoor recreational activities on Picatinny Arsenal.

2. Eligibility. Picatinny Arsenal recognizes three categories¹ of sportsmen – Primary, Associate, and Guest. Authorized activities for each are listed below:

Primary Sportsman	Sponsor Guest	Number of Guests per Outing ²	Hunt	Trap	Fish
Active Duty Military (Unit Fund Eligible)	Yes	1	●	●	●
Federal Civilian employee (DoD, NAF) assigned to Picatinny Arsenal	Yes	1	●	●	●
National Guard / Reserve Assigned to Picatinny Arsenal	Yes	1	●	●	●
Retired Military Personnel (AC/USAR/NG)	Yes	1	●	●	●
100% Disabled Veterans and Medal of Honor Winners	Yes	1	●	●	●
Federal civilian personnel retired from this installation with at least 15 years of total federal service	Yes	1	●	●	●

Associate Sportsman	Sponsor Guest	Hunt	Trap	Fish
National Guard / Reserves	No			●
Federal Contractor assigned to Picatinny (In possession of a Picatinny issued Photo ID or CAC)	No			●
DEERS-registered Dependent of Active Duty Military personnel assigned to Picatinny - 17 or older	No	●	●	●
Active Duty Military (Not Unit Fund Eligible)	No	●	●	●

¹ Garrison Commander approval is required for anyone not falling into one of the categories listed above. These may include community leaders, key outdoor recreation volunteer personnel, **Wounded Warriors**, or escorts to Primary-eligible personnel requiring escort due to an existing medical condition.

² All guests must have valid **US** Government-issued identification, current New Jersey State licensing for their activity, and are subject to police vetting at any time. **For Deer (6-day firearms season) and Black Bear hunt seasons, authorization for guests is determined annually.**

3. General Information and Restrictions.

a. Hunting, fishing, trapping, and other recreational use of Picatinny Arsenal will be in accordance with New Jersey State laws, applicable Federal laws, this regulation and supplemental orders issued by the Commanding General or Garrison Commander. Any supplemental instructions will be posted at Outdoor Recreation, the Leisure Travel Services “Take Off” Center and the Picatinny Police Station and will be brought to the attention of persons applying for a recreational permit.

b. Picatinny Arsenal, and any part thereof, may be closed without notice at the discretion of the Commanding General or Garrison Commander. Recreational use of the installation is secondary to requirements of the military mission.

c. Failure to comply with lawful orders, posted signs, or written notices is illegal.

d. Violation of this regulation may result in apprehension, prosecution and/or loss of recreational privileges on Picatinny Arsenal.

e. By entering Picatinny Arsenal Military Installation, individuals have consented to the search of their person or vehicles by law enforcement personnel, and the confiscation of all evidence of unauthorized activities.

f. All observed violations of Federal/State laws, or Picatinny Arsenal regulations must be reported to the Picatinny Arsenal Police (973.724.6666).

g. An annual unexploded ordnance (UXO) briefing is a mandatory requirement for hunters and trappers as part of the annual hunting briefing. Other recreationists who would like more information or a short briefing on the identification and hazards of UXO should contact the Outdoor Recreation for a brief. No person shall touch suspected unexploded ammunition and will report its location to Picatinny Police (973.724.6666).

h. All hunting, fishing, trapping, and other recreation will be conducted in designated areas (as depicted on the Sportsman Map). Sportsman Maps are available from Outdoor Recreation, and Leisure Travel Services “Take Off” Center for a nominal fee, or online at www.pica.army.mil/outdoor; and can be reviewed at Outdoor Recreation and the Police Station.

i. Accidents and lost persons must be immediately reported to Picatinny Police (973.724.6666).

j. Open fires are prohibited.

k. No person shall injure, deface or disturb any part of a building, range structure, sign, equipment or property found on Picatinny Arsenal.

l. No person shall discard, bury or leave behind of any trash, waste or litter on Picatinny Arsenal. This includes the use of flagging, cat eyes, or other items used to mark trails or hunting locations. Trail markers must be biodegradable or removed after use. Recreationists must carry

out everything that is carried in. Entrails are biodegradable and do not constitute litter unless placed in such a manner to create a nuisance or unauthorized bait/attractant during bear hunting season.

m. The collection of any artifact (such as old bottles, coins, arrowheads, etc.), disturbance of any feature related to past human activity (including stone walls), and the collection of paleontological specimens on Picatinny Arsenal is prohibited. The use of metal detectors on Picatinny Arsenal for recreational purposes is strictly prohibited. Violators will be prosecuted under both the civil and criminal provisions of the Archeological Resources Protection Act, 16 USC Sections 470ee-470ff.

n. Excavation or digging of any kind; and cutting, removal, or defacing of trees are prohibited.

o. Feeding, harassing, or molesting of any wildlife is prohibited.

p. Picking up, disturbing or taking Government equipment, ordnance, munitions, or parts of the same is prohibited.

q. Disturbing, molesting, or removing the traps and/or trapped animals of trappers are prohibited.

r. Check with Outdoor Recreation and www.NJFishandWildlife.com for seasonal hunting periods and detailed information about hunting, fishing, and trapping areas.

4. Permits and Access Passes. This paragraph deals with the administration and application procedures for permits required by recreational hunters, fishermen, and trappers. The Picatinny Arsenal Sportsman Permit (PASP) is the form that documents proof of eligibility, possession of required Federal/State license(s), personal data, attendance at mandatory briefing, and waiver of liability.

a. Federal and State game managing agencies set forth standard licenses, fees, and licensing procedures for hunting, fishing, and trapping. Whenever a Federal or State license is required for such activities, a PASP with appropriate authorizations is also required to exercise that privilege on this installation.

b. There are three PASP authorizations and they are issued only to sportsmen possessing current New Jersey licenses and stamps. Each authorization has an age requirement corresponding with New Jersey State law as follows:

(1) Hunting - age 10 and older.

(2) Trapping - age 12 and older.

(3) Fishing - age 16 and older.

c. PASPs will be issued at the Leisure Travel Services "Take Off" Center. Applicants must provide proof of eligibility as a Primary or Associate Sportsman and provide valid New Jersey licenses in order to receive their PASP. Primary Sportsmen sponsoring a Guest must personally accompany the Guest applicant, or personally apply for and receive the PASP on behalf of their Guest.

d. Annual fees for each PASP authorization are established by the Garrison Commander. Check, money order, or cash will be accepted for these fees. Checks and money orders will be made payable to: "I M W R F." Fees are nonrefundable, even if PASP is subsequently suspended, revoked, or invalidated. An exception to authorize a refund may be made if an administrative error led to the issuance of a PASP to an ineligible person.

e. Only one PASP per calendar year will be issued to each eligible person. Authorizations and other conditions will be specified and marked on the PASP. Once issued, a PASP is valid until the end of the calendar year. The entire one page form (blocks A-H) constitutes the PASP. **DO NOT CUT OR REMOVE ANY PORTION OF THIS FORM.** When afield, PASPs must be displayed on your person to enhance spot check recognition.

f. Sportsmen should take care not to misplace or lose their PASP as it will be needed for updating any subsequent authorizations purchased within the calendar year, or for receiving new PASPs the following calendar year. One free replacement PASP may be issued in a calendar year.

g. Sportsmen who purchase a fishing PASP will also receive a Fishing/Boating Pass (FBP) at the time of purchase. The Hunting/Trapping Pass (HTP) are issued when signing in/out at the Picatinny Police desk. These passes must be displayed in the fisherman's and hunters/trappers' vehicle during active outings and are valid only with the concurrent PASP. Designed for periodic use throughout the year as a security device, these passes are non-transferrable and must be safeguarded at all times. Use of FBP or HTP without concurrent valid PASP or other misappropriation will be considered a security violation. Loss of personally issued FBP or HTP must be reported to the Outdoor Recreation or Picatinny Police desk as soon as possible.

5. General Sportsmen Requirements. Sportsmen MUST:

a. Comply with all installation safety, security, and traffic regulations and carry at least one form of personal photo identification on their person at all times.

b. Present both their PASP and government-issued ID at the inspection gate. Failure to provide government-issued ID, in addition to the PASP, may be grounds to deny access or to confiscate the PASP, until eligibility status is verified by the Outdoor Recreation or security personnel.

c. Park at least ten yards away from any building or 40 yards from any explosive building (bearing Hazard Symbols 1, 2, 3, or 4) and in a manner, which will not impede normal use of buildings, roadways, bridges, or boat ramps; nor damage turf areas. Sportsmen vehicles must display either Fishing/Boating Pass (FBP) or Hunting/Trapping Pass (HTP) during active outings.

d. Reveal for inspection, but need not relinquish their PASP to any person requesting to examine it.

e. Relinquish their PASP to duly authorized and identified persons responsible for enforcement, if requested to do so.

f. Leave the field/water/ice immediately upon hearing the customary danger/distress signal of any sequence of three identical sounds (siren, horn, or whistle). Head to nearest road/ramp/shore or vehicle and vacate vicinity immediately. Security measures may mandate that sportsmen vacate the installation in an expeditious manner. In such an event, a police officer or authorized personnel will signal repeatedly. Sportsmen should report as promptly as possible to the nearest officer so that they can be identified and accounted for. Sportsmen should NOT return to Bldg 173, unless directed or permitted to do so. Hunters and trappers should surrender their HTPs (if applicable) to the officer in the field, or retain them until the next opportunity to return to post. Leave the installation safely and efficiently or as directed.

g. Display or provide for inspection, any game or fish harvested, if requested to do so by bona fide personnel engaged in biological data collection or law enforcement, as well as by any other Arsenal sportsman.

h. Notify Picatinny Police (973.724.6666) immediately of any field accident/incident involving personal injury, endangerment, or property damage.

i. Report to Picatinny Police or Natural Resources Manager any KNOWN violations of State or Federal hunting, fishing, or trapping laws.

j. Report to Picatinny Police, Outdoor Recreation, or Natural Resources Manager any KNOWN violations or suspected breaches of this regulation

k. Register in and out at the Picatinny Arsenal Police Station, prior to hunting and/or trapping.

l. MUST NOT pick up, move, or otherwise disturb items of ammunition, ordnance, or debris of an unknown or questionable nature. If in doubt, DO NOT TOUCH, LEAVE IT ALONE! Note and mark the location and notify Police (973.724.6666) and Safety Division (973.724.5635) ASAP! DO NOT enter areas, which are flagged or otherwise marked as restricted or potentially hazardous, STAY OUT!

m. MUST NOT enter or attempt to travel through any hazardous area where a red flag is displayed, either on a flag pole or road barrier; or where any other restrictive signage or barriers are emplaced.

n. MUST NOT photograph, by any means, any government building or structure on the installation. Violators will have their camera apparatus confiscated. All game cameras must be registered with the PAPD and any camera is subject to screening by PAPD at any time.

6. Special Instructions for Hunting.

a. Primary and authorized Associate Sportsmen may hunt on Picatinny Arsenal. Guests and children under the age of 17 must be accompanied by their sponsor or legal guardian to/from their hunting area and must remain together in the same hunting area throughout their outing.

b. All hunters must receive their annual hunting brief from Outdoor Recreation. Annual briefings are formally held in August, but may be scheduled on an as needed basis throughout the year.

c. Hunters must declare upon entering the installation that they are transporting weapons and must present their current weapons permit authorized by the PAPD.

d. Hunting Area Sign-In Procedures.

(1) Hunters will sign-in at the beginning of their hunt at PAPD front desk, Building 173. Hunters may sign-in up to 2 hours prior to legal hunting commencement.

(2) Hunters will provide their PASP and government-issued ID at sign-in and will be asked what hunting area (HA) they plan to hunt in.

(3) If there is room in the desired HA, the desk officer will grant access to that area and track total numbers of hunters on a white board.

(4) Hunters may be issued a numbered HTP to display in their vehicle for the duration of their hunt.

(5) Hunters may switch HAs by calling the PAPD front desk (973.724.6666), provided there remains room in the desired HA.

(6) Hunting keys are available for issue for HAs 1E, 2E, 2W, 3, 4, 6B, 6N, 10, 14W, and 20B.

(7) At the conclusion of the hunt, hunters must sign-out, surrender their HTP, and any access keys within an hour of departing their HA.

e. Hunters wishing to hunt as a group whose population is greater than the maximum allowable on the Picatinny Arsenal Sportsman's Map, may do so upon approval of the PAPD front desk and as long as the desired HA does not already have other hunters signed-in. A member of the hunting party must be designated as the "Huntermaster" and will be responsible for safe hunting practices of the group. The Huntermaster will annotate his/her role on the sign-in sheet and will advise the PAPD front desk that all members have cleared the HA upon sign-out. The Huntermaster may call in to switch HAs for the group as long the new destination HA is free of other hunters. When calling in, the Huntermaster must advise PAPD of any changes to the group composition (i.e., deletions or additions).

f. All tree stand devices and game camera placed overnight within the installation boundary MUST be marked with the hunter's full name and PASP number.

g. Still Hunting vs. Drive Hunting.

(1) Still Hunting is defined as a slow, deliberate hunt for animals on the ground, through woods, fields, river bottoms and marshes. At Picatinny Arsenal, still hunting includes hunting for game from an elevated position or stand.

(2) Drive Hunting is defined one group of hunters walking in line in an attempt to drive game in their path towards another group of hunters.

(3) The following hunting areas are considered Still Hunting only: HAs 8E, 8N, 9E, 10, 11E, 11W, 12W, 13E, 13W – no Drive Hunting is authorized in these areas.

(4) **Drive (or Still)** Hunting is authorized in any other hunting area not listed above as designated by the first hunter to sign in to that area. Once designated, the method of hunting will remain in place until vacated.

h. Hunting dogs are authorized for waterfowl hunting and upland game birds only and may be unleashed when hunting or retrieving. Training or practicing retrieval with hunting dogs is not authorized anywhere on the installation, with the exception of the Dog Park located on Parker Road near the main gate, or during hunting demonstrations sanctioned by Outdoor Recreation.

i. Hunters **WILL NOT** direct any shot towards any structure bearing Hazard Symbols 1, 2, 3, or 4 (these are ammo/energetic storage bunkers); or any installation boundary line, unless the following safe distances are met: 1200 feet for muzzleloader or shotgun with slug; 600 feet for shotgun with buckshot or birdshot; 450 feet for bow and arrow.

j. Any hunter that harvests a deer during any season on Picatinny Arsenal will be required to remove an incisor (front bottom) tooth from the jaw of the animal and provide it to PAPD upon signing out from their hunting area. This will assist the State of New Jersey with estimating the deer population on Picatinny Arsenal. Envelopes for teeth will be available at the PAPD desk.

7. Special Instructions for Fishing.

a. Primary or Associate Sportsmen, age 17 and older, may fish alone. Dependents under the age of 17 must be accompanied by their sponsor or legal guardian to/from the intended body of water and fish on the same body of water.

b. Children or juveniles under age 16 may legally fish designated installation waters without a PASP. Although these children are not required to be licensed, they are still bound by New Jersey fishing laws, as well as this regulation. Sponsors or supervisors of these children are responsible for compliance.

c. Guests must be accompanied by their sponsor to/from the intended body of water, and fish on the same body of water.

d. Check Open/Closed status of (Upper 2/3rds) Fishing Area 'K' (Picatinny Lake) or (Lower 1/2) Fishing Area 'L' (also known as Lynn's Pond) via signage (or Police). Mission operations within certain buildings may necessitate closure of these areas.

e. Check on ice fishing conditions by calling Outdoor Recreation on weekdays, Picatinny Arsenal Police Headquarters at 973.724.6666 on weekends or during non-duty hours, or check the Outdoor Recreation website: www.pica.army.mil/outdoor.

f. Coordinate all fishing tournaments on post with Outdoor Recreation.

g. Bank fishing is authorized in all designated areas, except western shores of Lakes Denmark and Picatinny.

h. Portable liquid-fueled cooking stoves are authorized beyond 20 yards from the western shore of Lake Denmark, and the entire shore of Picatinny Lake, during the ice-fishing season.

i. Trapping to catch baitfish is not authorized. This restriction is subject to annual review as part of the annual PA Reg 215-1 revision cycle.

j. Creel limits established by NJDFW are reviewed and published annually in a separate addendum for Picatinny Arsenal. Guest harvests count towards the Primary Sportsman's limit – this provision is subject to annual review as part of the annual PA Reg 215-1 revision cycle.

k. Fish consumption advisories are tailored to two groups - the General Population; and High Risk Individuals defined as pregnant women, women planning pregnancy within one year, nursing mothers, and children under age 5.

(1) High Risk Individuals are cautioned not to eat Largemouth Bass from FAs B, G, K, or L; Chain Pickerel from FAs K or L; and Carp from FA I. These individuals should also limit consumption of Largemouth Bass, Channel Catfish, and all non-stocked fish species from all other FAs to one 8oz serving per month.

(2) General Population individuals are cautioned to limit consumption of Largemouth Bass, Channel Catfish, and all non-stocked fish species from all FAs to one 8oz serving per month.

(3) The New Jersey DEP encourages fishermen to consult the Fish-Smart – Eat Smart Fish Advisory Guide or www.FishSmartEatSmartNJ.org when making decisions about eating recreationally caught fish and crabs.

8. Special Instructions for Trapping.

- a.* Primary and authorized Associate Sportsmen may trap on Picatinny Arsenal. Guests and children under the age of 17 must be accompanied by their sponsor or legal guardian to/from their trapping location.
- b.* Trappers must attend an annual hunting brief, before you are authorized to trap on Picatinny Arsenal property.
- c.* Identify every trap set with their name and address or state trapper identification number borne upon a metal tag.
- d.* Traps must be tended at least once in every 24-hour period, and removed at the end of the trapping season.
- e.* Begin and end all trapping activities (outings) at the Picatinny Police Station (as described above). All harvest data is to be recorded on the Hunters Registration log.
- f.* Trapping is only authorized in areas and for animals designated by the Natural Resource Manager.
- g.* Dispatch trapped animals IAW state law, using a rifle with not more than 3 "short," .22 caliber, rim fire rounds.

9. Operational Areas (OAs). Due to explosive hazards there are special restricted access areas on the installation. Three such OAs (**also known as enclosures**) which sportsmen should be aware of are: Robinson Hunting Areas (HAs) **5B, 11E, 11W, 12W, 13E, 13W, 14E, 19, as well as Fishing Areas (FAs) J and Ku; Mt. Hope - South (HA2); Mt. Hope - North (HA3 and HA4), and ROOG2 Range (HA8E).** The following rules apply to all sportsmen entering these OAs:

- a.* The availability of hunting, fishing, or trapping areas within OAs is subject to the daily mission activities in those areas.
- b.* All sportsmen entering an OA must register with the police officer on duty and clearly state the purpose of the outing: hunting or trapping. Similarly, sportsmen must check out upon departure. **Although most OA gates are typically unmanned, especially before and after duty hours and on weekends/holidays, a police officer must be contacted to open those where keys cannot be issued.**
- c.* The use of matches or lighters is strictly forbidden. Smoking is also prohibited. The only exception for sportsmen is while on open water or ice beyond 20 yards from the shore.
- d.* Robinson Enclosure. This sizeable OA **includes range complexes** and an energetics/explosives storage area. Entry into the OA is at the gate and checkpoint on 9th Ave. The following procedures apply specifically to this enclosure:

(1) Parking is prohibited for all sportsmen near Bldgs 825; 922 and 923, including Babbit Rd. (between former Bldg 975 and Bldg 923). Parking is also prohibited along Rose Rd. (between Bldgs 931 and 939).

(2) **Hunters accessing HA13E and ice fishermen accessing the western shore of Picatinny Lake are advised not to park in such a manner as to block any roadway in the 800 and 900 areas.** Hunters or fishermen accessing HA5B may park on any roads (north of Willis St) within or adjacent to HA5B.

(3) Picatinny Lake. This lake has some of its shoreline abutting interior portions of the Robinson Enclosure even though the surface waters may be accessed by boat without registering at the **OA** gate. That portion of the southern shoreline from Bldg 337 to Bldg 506 and the portion of the eastern shoreline from Bldg 506 to the **OA** fence line (just beyond the outfall of Basin Brook into a small cove) are hereafter referred to as “unrestricted access shoreline.”

(a) Sportsmen launching boats from the ramp or dock near Bldg 337 may not disembark to Hunt, Trap, or Fish ashore. Boaters may only come ashore for bona fide emergencies.

(b) Ice access is for ice fishing only. Fishermen must exit ice surface from their same point of entry. Fishermen must not access shore points other than their point of entry. Ice fishermen may access safe ice along the unrestricted access shoreline from former Bldg 527A to the **OA** fence line.

10. Robinson Enclosure Access Procedure. The following procedure applies to access of the Robinson Enclosure (**HAs 5B, 8E, 11E, 11W, 12W, 13E, 13W, 14E, 19, FA J, and FA Ku**) any time for all hunting and fishing seasons.

a. Sportsmen desiring access to the Robinson Enclosure **or the ROOG2 Range (HA8E) any time** must contact ARDEC Range Control a minimum of 24 and a maximum of 72 hours (duty days) in advance via e-mail at [USARMY Picatinny Arsenal ARDEC List 600RangeControl](mailto:USARMY.Picatinny.Arsenal.ARDEC.List.600RangeControl) and provide the following information:

- (1) Requested date of entry.
- (2) Requested time of entry.
- (3) Time of exiting.
- (4) Requested area to be visited by zone IAW Sportsman Map.
- (5) Any intention to pass through Area 1222 (Gorge).
- (6) Mobile phone number.

b. ARDEC Range Control will provide an e-mail to the requesting sportsman with cc: to the PAPD granting Confirmation of Approval as soon as possible based on current mission schedule

but no later than by COB the prior day.

c. In the unlikely event of any unanticipated mission required action the morning of the requested access the Sportsman will be contacted via phone number provided in addition to an e-mail with cc: to PAPD cancelling prior approval.

d. Sportsmen will sign in at PAPD the day of their outing using normal sign-in procedures.

e. PAPD will assure that a Confirmation of Approval e-mail has been received prior to granting access to the sportsman.

f. PAPD will provide an e-mail to [USARMY Picatinny Arsenal ARDEC List 600RangeControl](#) to include the name(s) and mobile number(s) of sportsman granted access.

g. Upon accessing the Robinson Enclosure, the sportsman will proceed to B806 or B611 as applicable and sign in with a mobile phone number. A sign in sheet will be available in the box located near the front doors of B611 and B806 to be utilized only if sportsman should arrive prior to staffing of Range Control or storage areas.

h. The sportsman may then proceed to their intended hunting or fishing area.

i. If the sportsman desires to change hunting/fishing areas, they MUST contact both PAPD (973.724.6666) and ARDEC Range Control (973.724.4788) BEFORE moving to the new area.

j. Sportsmen departing the Robinson Enclosure shall:

(1) Sign out at the same location which they signed in.

(2) Those wishing to transit Area 1222 (Gorge) MUST contact ARDEC Range Control at (973.724.4788) BEFORE crossing the Gorge boundary and be granted approval.

11. Boating.

a. All boating must be conducted under the provision of **New Jersey State Police Safe Boating Manual, including all navigational rules**. Boats used on Picatinny Arsenal waters must be equipped with personal floatation devices (PFD), non-swimmers and persons under age 14 must wear their PFDs when underway.

b. There is a no wake policy in effect for Lakes Denmark and Picatinny. No wake implies no visible white water or cresting waveform in the “V” shaped wake astern the boat.

c. Any personally owned boat used on this installation must be registered annually by the owner, with Outdoor Recreation. The decal provided must be affixed to the boat within two feet abaft amidships **ON BOTH SIDES**.

d. Recreationists may use non-motorized or electric powered boats in all designated lakes and ponds, may use gasoline-powered boats only on Lakes Picatinny and Denmark. Iceboats, jet skis,

sailboats, and fan boats or any other motorized personal watercraft is prohibited and may not be used on installation lakes, ponds, or installation streams.

12. Camping. Camping is not authorized on Picatinny Arsenal. Outdoor Recreation does however control access to a Community Shelter at the end of Upper Gorge Road at the double-leaf gate between HA11W and HA11E. Use is first-come, first-served. This is a shelter only, not a campsite – open flames of any kind are strictly prohibited. Shelter users must carry out any refuse generated during use.

13. Swimming. Swimming or sail-boarding is prohibited in all natural waters on Picatinny Arsenal.

14. Paintball, Biking, and Hiking. These activities are restricted to designated and approved trails and fields Picatinny Arsenal Sportsmen Map, [29 February 2012](#) and Picatinny Arsenal Recreational Trails Map, (to be published).

15. Roles and Responsibilities. Multiple organizations are stakeholders and diverse land users where hunting, fishing, or trapping may occur. Law enforcement, security controls, and safety compliance are key elements of any regulation involving such sportsman activities.

a. Outdoor Recreation. Lead on all outdoor programs including hunting, fishing and trapping.

b. Natural Resource Manager (NRM). Advisory role to Garrison Commander. Ensures programmatic compliance of outdoor programs with applicable State and Federal Regulations. Primary liaison to New Jersey Department of Environmental Protection, Fish and Wildlife (minus law enforcement matters). Supports Picatinny Arsenal Police Department (PAPD) in enforcement of State and Federal hunting, fishing, and trapping laws as directed by the Garrison Commander.

c. Picatinny Arsenal Police Department. Enforcement of all post, State and Federal regulations. Management of hunt log and hunting area sign in/out. Issue of weapons permits. Primary liaison to New Jersey Department of Fish and Wildlife for law enforcement matters.

d. Installation Safety Office. Completes annual Certificate of Risk Assessment for the installation hunting program prior to the beginning of the calendar year.

e. ARDEC Range Control. Establishes procedures for and facilitates access to [Robinson Enclosure](#) to ensure maximum availability without adversely impacting mission requirements. Approves and controls access to Robinson Enclosure hunting/fishing areas during duty hours.
